

# MASTER\_CONTEXT.md

## Document Information

- Project: Aetheris Trade
  - Document: MASTER\_CONTEXT
  - Version: 1.0.0
  - Status: Living Document
  - Priority: Critical
- 

## 1. Purpose

What this document is.

Why it exists.

How every AI should use it.

---

## 2. Project Identity

Project Name

Tagline

Mission

Vision

Brand Personality

---

## 3. Project Objective

Long-term goal

Short-term goal

MVP goal

---

## 4. Current Project Status

Completed Documents

Current Sprint

Current Phase

Next Objective

---

## 5. Product Summary

One-page summary of the complete product.

---

## 6. Design Philosophy

How Aetheris should feel.

Animation principles.

Visual language.

Interaction philosophy.

---

## 7. Engineering Philosophy

Architecture principles.

Coding philosophy.

Quality expectations.

---

## 8. AI Collaboration Rules

Rules for Claude

Rules for Stitch

Rules for Cursor

Rules for Antigravity

Rules for ChatGPT

---

## 9. Development Workflow

Planning

Design

Review

Development

Testing

Deployment

---

## 10. Technology Stack

Frontend

Backend

Database

Authentication

Hosting

Charts

AI

Animations

---

## 11. Folder Structure

Official project structure.

---

## 12. Permanent Rules

Things that can never change.

---

## 13. AI Do's & Don'ts

Always

Never

---

## 14. Documentation Rules

Naming

Versioning

Approvals

PDF generation

---

## 15. Current Sprint Context

Exactly where development currently stands.

---

## 16. Next Actions

Immediate next tasks.

---

## 17. Project Glossary

Official definitions.

---

## 18. Revision History

Version history.

Change log.
