Navigation Rules

- Every primary screen must be reachable within three interactions.
 - Every screen must provide a clear way back.
 - Breadcrumbs should be used where appropriate.
 - Navigation behavior must remain consistent across all devices.
-

Flow Validation Checklist

Every user flow must satisfy the following:

- Logical start and end points
 - No dead-end screens
 - Clear recovery from errors
 - Mobile friendly
 - Consistent navigation
 - Accessible interactions
 - Minimal user effort
 - Educational guidance where applicable
